

NATIONAL GENERAL RULES AND REGULATIONS

NOTE: General rules and regulations apply to all national competitive events and are in addition to each event's specific guidelines. Guidelines are subject to change. Please refer to the EdRising Membership Portal for the latest version.

Failure to follow the stated guidelines will result in disqualification of student competing.

All students wishing to compete at the Educators Rising National Conference must complete 3 required steps:

1. **Be an Active level paid national member** of Educators Rising for the current school year. State-level membership must be paid, if applicable. [Click here to join.](#)
2. **Complete the online application** and upload all required materials in their final form by the stated deadline on the [National Competition page](#) located in the Student Resources section in the EdRising Membership Portal. **This is NOT done automatically if you competed at a state or regional conference.**
3. [Register to attend](#) the Educators Rising National Conference.

Eligibility

- Students must be a paid Active-level student member of Educators Rising no later than **February 1st** of the year in which they are competing. **Check or credit card payment must be received in the National Office by February 15th to be considered an Active-level member.**
- **Students may only compete in one competitive event.**
- **For contests:** Teacher leaders may enter up to two entries (individual or dual) per school in each event per division.
 - Dual means two students participating.
 - For dual entries consisting of students of varying grade levels, the entry will be placed in the division for the grade level of the most senior member.
- **For competitions:** Teacher leaders may enter up to two entries per school in each individual event per division and one team for team events per division. Competitions/contests that are marked as individual or dual will be considered individual events for this purpose.
 - All team events must have at least two students (and no more than four) per school to qualify.
 - For teams consisting of students of varying grade levels, the team will be placed in the division for the grade level of the most senior member.
- If a competitor is from a state that holds state competitions/contests, they must first qualify in that given event at their state conference before competing in that event at the Educators Rising National Conference. Contact your state/regional coordinator to see if your state offers competitive events. Visit our [state program page](#) on the Educators Rising national website to contact your state/regional coordinator.
- For states that offer state-level competitive events, the top ten places in each competition for each division offered by the state will be eligible to compete at the Educators Rising National Conference.
- For contests, you must compete in a state-level event in order to be eligible to compete at the Educators Rising National Conference. Only entries scoring 97-100 will be eligible to advance to nationals. No other entrants from states that offer the competitive events at the state level will be eligible for those state-level-offered competitive events.
- For nationals, schools are permitted to replace up to fifty percent of the original team members who qualified at the state-level. **Replacements can be made up to 7 days prior to the conference. No replacements can be made after this time or onsite.**
- For states that do not offer state-level competitive events, students may register to compete in those events at the Educators Rising National Conference. This applies to all Educators Rising national competitions. This does not apply to contests since you must qualify at state first before moving to nationals in any competition.
 - For example, if you want to compete in Public

GENERAL COMPETITION INFORMATION CONT.

Speaking but place eleventh or lower in your state-level Public Speaking competition or don't compete in the state-level competitions at all — you cannot compete in Public Speaking at the National Conference this year. If you live in a state that didn't hold a Public Speaking state-level competition, you may register to compete in that event at the Educators Rising National Conference.

Division of Competition

- The breakdown of grades noted below is used to designate levels for competition entries. Not all competitions are open to all divisions.
 - Middle School — Grades 7, 8
 - High School Junior Varsity— Grades 9, 10
 - High School Varsity level — Grades 11, 12
 - Collegiate level – Undergraduates only
- Registering in the incorrect division will result in disqualification.
- Teams consisting of students from varying grade levels will be placed in the division for the grade level of the most senior member.

Application and Submission

- All submitted materials must reflect original work from the 2025-2026 school year. Material that may have been created or submitted in previous years is ineligible.
- **To be scheduled to compete in a national competition, all competitor applications, national dues, and required materials must be submitted online by the deadline stated on the [National Competitions page](#) in the Student Resources Section of the EdRising Membership Portal. **Deadline extensions will NOT be granted.****
 - **All competitions and contests require an online application submission even if no additional items need to be submitted.** Students who have won state-level competitive events must also submit their entries on the national website by the deadline to compete at the national conference. Your state does not do this for you.
 - **For team competitions only one application can be submitted** which lists all team members in all places indicated on the application form.
 - Each competition guideline will identify what materials are required for submission before the competition. Failure to submit the required materials by the submission deadline will result in disqualification. All submitted materials must be in their final form.

- All video files that are submitted in advance must be uploaded to either YouTube or Vimeo and be linked on the application form. Videos will not be accepted by mail. We recommend that competitors also bring a copy of the video file in MP3 format on a USB drive to the conference. Educators Rising competitions comply with FERPA regarding student privacy and video security. Competitors are responsible for ensuring that their competition videos comply with local and state requirements regarding student privacy.

- Except when explicitly specified, the Internet may not be used during a competition presentation at the Educators Rising National Conference. All relevant files and resources should be brought to the competition site on a USB drive. All Prezi files should be downloaded to the USB drive. Internet access may not be available during the competition. Laptops and projectors will be provided. Students should bring their own pointing device if needed.

Conference Registration, Attendance, and Participation in Events

Spectators may not coach or offer any verbal or nonverbal assistance to a contestant during that contestant's assigned time slot with the judges. A breach of this guideline may result in the disqualification of the contestant.
- Teacher Leaders, Chaperones, and Parents are prohibited from approaching judges to discuss scoring or feedback. All questions or concerns should be brought to the attention of a national office staff member.

GENERAL COMPETITION INFORMATION CONT.

Judging and Scoring

- Scoring is based on the posted individual competition rubric.
- Final scores will be based on a scaled score. Scaled scores are calculated through a number of methods including judges tie breakers and room normalizations.
- Judges will break ties in all competitive events.
- To accommodate a large number of competitors, we use multiple rooms each with its own set of judges. To ensure fairness across these rooms, we employ a well-established mathematical method to normalize scores. This method helps balance judge subjectivity and ensures all competitors have a fair shot, regardless of their assigned room.
- In each competitive event, each competitor gets an average score from the judges. That score is averaged with the partner judge. If there is a deviation of more than one standard deviation between rooms, the two rooms are normed against one another to that deviation. Final scores used for ranking are the normalized (also known as scaled scores).
- When normalizing scoring, perfect scores will be excluded from the normalization process. If more than one student in the same division in the same competition receives a perfect score, a second set of judges will review the recorded presentations for those students to make a final decision.

Awards

- For Competitions: Medals and certificates will be presented to the top three entries in each division for individual competitions. Trophies and certificates will be presented to the top three entries in each division for team competitions. All places will receive electronic certificates after the conference.
- For Contests: Ribbons will be awarded to students in each category in each division with scores as follows:
 - Blue-Scores 98-100
 - Red-Scores 94-97
 - White-Scores 90-93

Inquiry Process

- Following the conference, the student scores will be released directly to the participating student(s). The scores will provide individual judges' scores, the average score for the two judges, and the normalized score (if necessary.)
- Students will have 3 business days to file an inquiry regarding the validity of their score. Students will be required to complete the online inquiry request form and submit all required documentation for consideration. **No appeal will be accepted after the 3-day period.**
- Staff will review the scoring and respond to the inquiry within 30 days. **All decisions are final.**

Contest Purpose

The Educators Rising Leadership Award Competition, sponsored by the PDK Greater San Antonio chapter, encourages inspired, proactive Educators Rising members to make an impact in their communities. Competitors seek to exemplify sound leadership and a strong commitment to improving education in their communities. The final award is given to one Educators Rising member who has made notable, voluntary contributions to his or her community through education.

To enter this competition, Educators Rising members must successfully complete a *self-initiated* service-learning project that meets several requirements:

- The project benefits individuals with special needs.
- The project includes a sustainability strategy so that the project's impact will not end when the Educators Rising Leadership Award Competition is over.
- The project cannot be part of the required curriculum for a course.
- The project requires a minimum of 40 hours of work.
- The project must be led by a single Educators Rising member. (While collaboration is encouraged, only one student per project will be eligible to win the scholarship.)
- Submit the complete project portfolio by the competition registration deadline stated in the General Competition Information sheet.

In addition to submitting the project portfolio, competitors must deliver a presentation to a panel of judges at the Educators Rising National Conference.

One student will be chosen as the winner of this competition and the recipient of a \$1,000 scholarship, provided by the PDK Greater San Antonio chapter.

Competition Guidelines

The student must complete an education-related service-learning project that makes a concrete and visible impact for individuals with special needs in the school or community. A minimum of 40 hours is required. The student must then complete a well-organized portfolio that includes an essay describing the project, as well as supporting artifacts. ***There are two components to the project portfolio: the essay and the artifacts. If the artifacts are not included, the application will be disqualified.***

ESSAY GUIDELINES

The essay must be typed in 12-point font, double-spaced, and written in English. The essay cannot exceed 12 pages. The student should address the following sections in his or her essay. These sections must be clearly labeled.

A. Title page

Include your name, your teacher leader's name, your school's name and address, and the title of your project.

B. Executive Summary

Give an overview of your project that is two pages or less. Include highlights from each section of the essay (background, project description, and reflection). For example, an executive summary might include a brief summary of the reasoning behind your project, what the project entailed, and the primary lessons that you learned from this experience.

C. Background

Why did you choose this project? Why is this project necessary and appropriate for this time and place? What is the intended impact of the project and how will you know if you achieved it?

D. Project description

Describe the process of completing your project. Questions to consider include:

- How did you determine a plan for your project? What was your method for gathering information and making strategic decisions?
- Did you need specific materials or volunteers? If so, how did you obtain them? How did you

keep everything, and everyone organized?

- How much time did you spend on this project? How did you spend most of your time? Was that different than what you anticipated? If so, how? How did you keep a record of progress?
- Did you make any significant changes to your project during the process? If so, did that affect the overall outcome? How?
- How did you know when the project was completed? Was there any presentation or debut of the final product?
- Did you undertake the project in a way that maximized its potential effectiveness?
- What is your strategy for keeping the project going once the competition is over?

E. Reflection

Reflect on the overall experience. Think about what you learned about yourself and those who benefited from the project. Consider how this experience will influence you in your future career in education. Questions to consider include:

- What did you learn about yourself as a project leader? What skills did you acquire that you can use in your career as an educator? How did this project affect you personally?
- What impact did this project have on your community? How did you measure or determine this impact? Given the project's outcome, did you spend your time well?
- What did you learn about working with others or managing people?
- What would you do differently, if anything?
- What do those who benefited from this project think of the work that you led? How has your project positively impacted education or supported the work of Educators Rising?

F. References

If you cited any research within your essay, be certain to include a works cited section. Follow APA, MLA, or Chicago citation style when writing your works cited section.

ARTIFACTS GUIDELINES

In addition to your essay, you ***must include five to eight artifacts*** in your project portfolio. An artifact is anything that demonstrates or exemplifies the work that you put into your service project. This is your chance to show the evidence and impact of your hard work. All artifacts should clearly and directly relate to the project objectives. Here is a list of sample artifacts that you might include:

- Photographs
- Newspaper articles, blogs, or other media coverage of your project
- Reflective journal
- Project timeline
- Log of how time was spent
